

## The Power and Passion in Teambuilding

### Introduction

To work effectively together, teams must believe that “The whole is more than the sum of its parts”. They have to ensure that they want to work together in a kindred spirit so as to achieve the best outcome in the shortest time possible. Successful teams will benefit from each other’s collaboration, involvement, liaison, communication and co-operation in problem-solving as well as achieving their goals.

### Course Objective

- To know and understand each other through close interaction
- To use effective communication for clear instructions and action
- To apply leadership skills in working assertively within a team
- To build rapport and the kindred spirit for team effectiveness
- To co-operate, collaborate, include and involve team members for better problem-solving

### Target Audience

For all personnel who are desirous of working with a harmonious and successful team to realize the team’s objectives.

### Course Outline

- Working in a Learning Organization
- Share your teams’ unique traits
- Teambuilding and Bonding Games
- Lunch Time Activity
- Importance of leadership, initiative, creative thinking for effective problem-solving
- Human understanding and Rapport building
- Demonstrate the importance of Team Member Roles
- Celebration & Sharing of responses about Teambuilding
- Summary and Commitment back at work

### Methodology

A highly interactive workshop which consists of trainer’s input (briefing and debriefing the objectives of each activity), simulations, team members working together on intended projects, case studies, team building games, group discussions to reach outcome, analyse process before reaching a consensus, presentation before entire group on outcome of such activities. Participants are advised to be in T-shirt and jeans attire for comfort and convenience as some activities require squatting and sitting on the floor, physical movements both indoor and outdoor.
