

SNEF INFORMATION ON

EMPLOYEE BENEFITS & HR METRICS DURING COVID-19

In view of COVID-19, how does your organisation compare to the rest in terms of...

Training hours and training expenditure?

Employees' annual leave consumption?

Provision of sick leave?

Allowances and reimbursements for remote work?

In view of the COVID-19 situation, many organisations are seeing changes in the provision of **remote work benefits, flexible work arrangements, training, insurance benefits and more**. The purpose of this survey is to help employers gain insights on how employee benefits and HR metrics have evolved in view of the COVID-19 situation. Findings from this survey will help employers get a better idea of the **common practices in their industry and among organisations with a similar employment size**.

Report Coverage

- ✚ Training hours and training expenditure
- ✚ Annual leave consumption
- ✚ Medical leave consumption
- ✚ Group life insurance
- ✚ Allowances for remote work
- ✚ Flexible work arrangements
- ✚ And **more!**

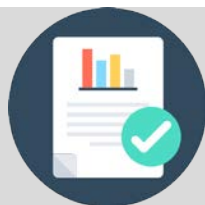

Save up to **43%** on the Report on Employee Benefits and HR Metrics During COVID-19 when you participate in this survey!
